Need and Proposed Use of the Information: FORHP seeks to continue gathering information from grantees on their efforts to provide TA to clients within their state. These measures will continue in these three categories: (1) information disseminated, (2) information created, and (3) collaborative efforts by topic area and type of audience. These measures are used to obtain an accurate depiction of the breadth of SORH work, based on recommendations from the grantees. Submission of the TA Report is submitted via the HRSA Electronic Handbook no later than 60 days after the end of each 12-month budget period.

Grant dollars are awarded annually; therefore, this information is needed annually by the program in order to measure effective use of grant dollars consistently among all the grantees.
